08/03	08/06	Futures	Nashville	LCM	TN	Cuts Needed

** This meet is in Windsor Canada, a short drive through the tunnel bridge in Detroit. Parents will need an enhanced driver's license through the State of Michigan or a passport to get over the border.**

AQUA's policy for sending a coach to a meet is a minimum of 5 registered swimmers

Our goal is to always over communicate. The meet schedule produced by MI Swimming is on the lighter side than in years past. We have to be mindful that there are limited long course pools available in the state. This is another reason why our Blue & Orange meets are very important. Meets in MI can fill up in seconds after the entry opens, this means we may not be able to get into one of the meets above. AQUA will have another meet offered in place of the meet we cannot attend. Please know this means there can be some travel if a back up meet becomes available; this could be to the west side of MI, Indiana, or Ohio. We will communicate such changes if they occur as we become aware any changes.
